

Closer Forms/Applications – BC

After customer agrees to sign up

Fill in:

- MAG Solar Installation Agreement BC
- BC Hydro Net Metering Application
- Register the customer for the Canada Greener Homes Loan Portal
- Wave Estimate, send as a pdf attachment to the customer
- Finance It application if the customer is doing bridge financing

Take pictures of: (Upload in Scoop)

- Main Breaker panel – up close and far away, all labels, main switch zoomed in. Sub panel if the client has one.
- BC Hydro Meter – up close and far away
- Front, back, and side of the home
- Screenshot on google maps satellite mode of the house zoomed in, indicating which side the meter is located and where the breaker panel is located.
- Go into aurora, design mode and download the picture showing where the panels are placed on the roof, upload to scoop

WhatsApp Group Chat - Fill in: (Booking energuide)

- GETS ENERGY – MAG SOLAR CHAT
 - Send the customers: Full name, address, email address, phone number, time they prefer for booking

Complete Welcome Call: (Collect \$630 energuide deposit over the phone via credit card or etransfer)

- Call 604-723-1222 Press 4

MAG Solar Installation Agreement BC (6.0) 2024

Item & Description		Price
PV Array & Installation		Textbox1
33	Longi Solar	LR5-54HPB-405M
18	hoymiles	HMS-700-2T-NA (240V)
MAG: GST #784283467		
		Subtotal:
		Textbox4
		GST 5%
		Textbox5
		Total: \$37,769.03
		\$630.00
		¹ Balance Due (CAD):

¹\$600.00 payment due upon your acceptance of this Invoice.

Date	Signature
DAY/MONTH/YEAR Date signed2	
Customer Name	
FULL NAME Full name	

This Invoice is subject to the Terms & Conditions set out in the PV Array Supply and Installation Purchase Agreement

Blue is for the closer to fill out, orange is the customers which will arrive in the customers email after you have signed it and filled your portion

Textbox1 – Type in the pre-tax amount

- Example: \$37,769.03 Divided by 1.05 (5% GST) = \$35,970.50

Textbox 2 & 3 – Leave blank.

Textbox4 – Pre-tax amount again (\$35,970.50)

Textbox5 – Type in the GST amount (\$1798.53)

Total cost – Pre-tax amount = GST

- Example: \$37,769.03 - \$35,970.50 = \$1798.53

Sell clean energy

Looking for net metering?...net metering program

<https://www.bchydro.com/work-with-us/selling-clean-energy.html>

Click how to apply for net metering

1. Submit an application

Net metering applications are completed online through MyHydro. The application allows contractors to start a draft application on behalf of their customer, however it will then be transferred to the customer to authorize and submit. Customers can also create and submit their own application.

Before you begin, you'll need:

- Generating system specifications.
- A copy of the certified inverter data sheet(s), if they aren't already on our [list of common inverters](#) [PDF, 70 KB].

Additional documentation required for complex (B) net metering

[Apply now](#)

2. We'll review your application

We'll review your application to ensure the system's setup and configuration meets eligibility and safety requirements.

Our review time depends on the scope of your project, but most are reviewed within two weeks.

A technical review will be performed for all projects located in our Non-Integrated Areas.

We'll notify you if we have further questions or once your application's been accepted.

3. Install your system

Once your application is accepted, your contractor can move forward with installing your system.

If we requested full field verification testing or a commissioning report for your project, you'll need to notify us before the initial energizing and starting testing of your system so we can coordinate this.

app.bchydro.com/net-meter/web/start-application.html

* Is there an energy storage system? E.g. battery storage

Yes
 No

Leave supporting documents blank

Supporting documents

An inverter data sheet is required if you selected "Other" as your inverter make or model.

Complex (B) net metering projects require supporting documents. Refer to [this table](#) to confirm if your project is Simple, Complex (A), or Complex (B).

At this time, only the single line diagram and site plan can be uploaded. After you submit this application, please email net.metering@bchydro.com with all remaining supporting documents, if applicable (Eg. Battery storage, hybrid/micro-grid inverters, etc.) Please reference your application number in the email.

BC Hydro account holder acknowledgement and privacy statement

By applying for Net Metering service (Rate Schedule 1289 of the BC Hydro Electric Tariff) you agree to the following: that you have read and understand the Net Metering service requirements and the Distributed Generation Interconnection Requirements - 100kW and below, and that you agree to comply with them; that you will not install, operate and maintain your generator in accordance with applicable government regulations and requirements.

In order to be able to use the BC Hydro online Net Metering Form, you need to provide us with certain personal information (e.g. your name, contact information, and other information related to your application). We may collect your personal information for the purpose of fulfilling your Net Metering application requirements. We will need to disclose your information to electrical contractors, municipal government, and other third parties. As a result, BC Hydro may also collect information from these authorities, where required, to fulfill your request and for the purposes of:

- Communicating with you regarding processing and managing of your application, the interconnection of your generator, and the net-metering relationship;
- Providing you with news and information about the Net Metering program; and
- Inviting you to participate in surveys, questionnaires or other engagement activities on the Net Metering program.

By clicking on the submit button you authorize the above described disclosure and collection. BC Hydro collects your personal information as permitted under section 26(c) of the Freedom of Information and Protection of Privacy Act. If you have questions about the collection of your personal information as described in this notice, please contact BC Hydro Net Metering team net.metering@bchydro.com

Click next on previous page, check the "I have read and agree" box, and Submit!

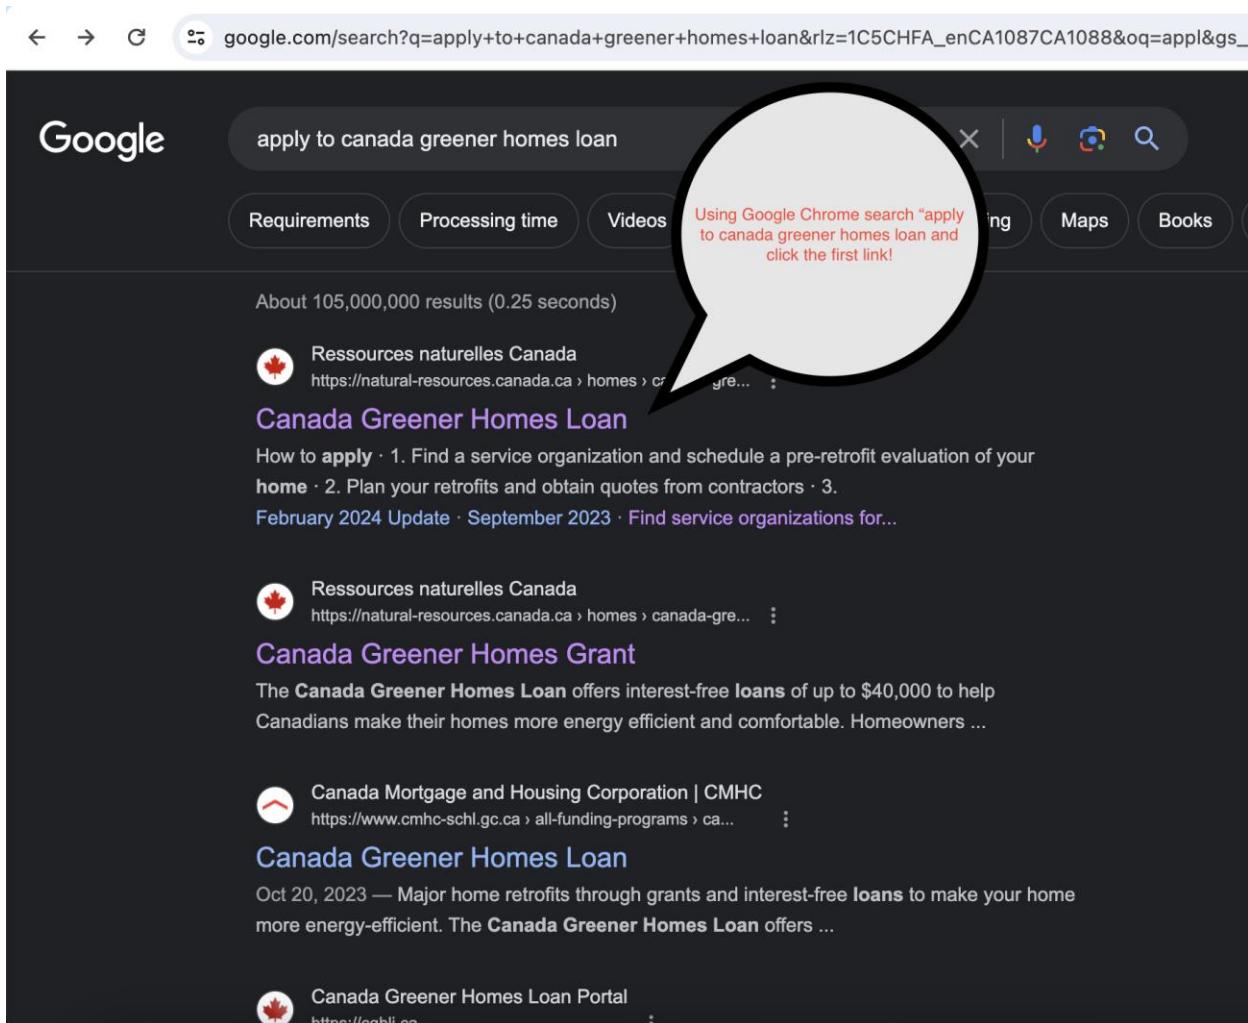

I have read and agree to the BC Hydro account holder acknowledgement and privacy statement.

Creating a Wave Estimate

Please message Manpreet to create you a wave login if you don't have one.

This estimate is required by Canada Greener homes to upload when applying for the loan.

Login using this link: <https://my.waveapps.com/login/>

com/aefd3bf7-70aa-431e-9e7e-21e3366df337/dashboard/

The screenshot shows the Wave dashboard with a sidebar on the left. The main area features a 'Dashboard' section with a bank icon and a 'Connect your bank account or credit card' button. To the right is a 'Cash Flow' section with a chart showing inflow, outflow, and net change. A vertical sidebar on the right contains a 'Personal' menu with options like 'Business settings', 'Integrations', and 'Switch businesses'. The 'Switch businesses' option is highlighted with a black oval. The user's email, mchhina@magsolar.com, is also listed.

The screenshot shows the same dashboard layout as the first one, but the 'Personal' menu is open, revealing a 'Switch business to' dropdown. The 'MAG Solar' option is selected and highlighted with a black oval. A red speech bubble points to the 'MAG Solar' option with the text 'Click MAG Solar'. Other options in the dropdown include 'Personal' and 'Admin'.

wave

The screenshot shows the Wave dashboard with a sidebar on the left. The sidebar has a 'Dashboard' button (highlighted with a black oval) and a 'Sales & Payments' button with a dropdown menu. The dropdown menu includes 'Estimates' (highlighted with a black oval), 'Invoices', 'Payments Setup', 'Recurring Invoices', 'Checkouts', 'Customer Statements', and 'Customers'. The main dashboard area features a 'Dashboard' section with a receipt icon and a 'Scan receipts effortlessly, anywhere' call-to-action, and a 'Cash Flow' section with a chart showing inflow, outflow, and net change over the last 12 months.

Calculate & Apply

Financing provided by FinanceIt Canada Inc. ("Financeit") as agent for a third-party financial institution.

Consent to obtain credit report

I agree that Financeit is authorized to verify my identity and assess my loan eligibility through an inquiry with one or more consumer credit reporting agencies. I understand that

[Learn more](#)

PLEASE MAKE SURE YOU CONFIRM WITH THE CUSTOMER AND LET THEM KNOW FINANCE IT DOES A CREDIT CHECK

Consent to electronic disclosures

I consent to receive Disclosures (including the Loan Agreement, Amendments, statements and Renewals, notices and other associated documents) electronically. Note that this is an electronic-only product. If you choose to revoke your Consent, your account will be closed and all amounts outstanding will come due in accordance with the terms and conditions of your loan agreement. See our [Electronic Consent Agreement](#) for more details.

By clicking "Submit", I accept the [FinanceIt Canada Privacy Policy](#). I also confirm that there is no person or company directing me to apply for financing and use this loan on their direction or behalf. [Learn more](#)

Submit

Their credit score won't be affected.

The next steps are simple, continue filling in all information. Finance it will confirm on the spot if the customer is approved or not. If the credit isn't as good, you can select to add a co-borrower (spouse) to help get the approval.

Uploading pictures in SCOOP

Once the agreement is signed, aurora will automatically push the customers information into Scoop. Download the scoop app.
